7.03.02 Contents of the Application

Rezoning requests shall be submitted to the Development Director on an application form provided by the City, together with applicable fees, which shall have been established by resolution of the City Commission. The application shall contain, at a minimum, the following information:

- (1) A legal description of the property, including the size of the area in acres.
- (2) A description of the proposed rezoning, specifying the goals, objectives, and policies of the Comprehensive Plan that it supports and advances.
- (3) A detailed map showing the location of the property in the City, existing land use, existing surrounding land uses; existing zoning and boundaries of the zoning district, and the proposed boundaries of the rezoned district.
- (4) A description and generalized site plan of any proposed development including; the number of units proposed and resulting net density; number of required parking spaces and location; footprint of all proposed buildings and structures on the site, including setbacks; required landscape and buffer yards; and sign locations.
- (5) The location of existing sewer service and potable water facilities to the development site and whether or not the existing facilities will serve the new development.
- (6) The functional classification of all roadways that will be impacted by development permitted by the proposed zoning district, with current and estimated future daily traffic volumes.
- (7) The location of all public and private streets, driveways, and utility easements within and adjacent to the site.
- (8) A description of the terrain and the vegetation on the site, including a topographic map, when available.
- (9) An inventory and description of surface water and wetlands; and any flood plains on the site.
- (10) A general inventory of plant and animal species common to the area, any endangered plant and animal species, and habitats present on the site.
- (11) An inventory of trees with an estimate of canopy that they provide, and an inventory of stands of mature trees and understory vegetation that may provide wildlife habitats or other environmentally unique areas.
